August 17, 2015

Dear Dr. Thanathep Tanpowpong

The Royal College of Orthopaedic Surgeons of Thailand and Thai Orthopaedic Association traces its history back to 37 years ago when a group of orthopaedists got together to form an orthopaedic club. We basically organize the annual meeting every year. In 2015, the 37th Annual Meeting of the Royal College of Orthopaedic Surgeons of Thailand (RCOST) will be held during October 22-24, 2015 at Royal Cliff Beach Resort, Pattaya, Chonburi Province, Thailand, a world-class seaside resort. The theme of the Meeting is "**Harmony of ASEAN Orthopaedics.**"

Upon this special occasion, you are honorably invited to participate the event as a guest speaker. The scientific committee would like to request you to be **Speaker** for the following assignment:

POSITION	DETAIL	DATE	TIME	ROOM
Speaker	Clinical evaluation of posterolateral structure injury	Saturday, October 24, 2015	14.27-14.39	Hall A3

I would be greatly appreciating your consideration on the above assignment. Just in case you have any suggestion, please do not hesitate to contact me. Your brief CV, picture and the abstracts of your lecture will be published in the book of abstract. Would you be so kind as send the documents with the confirmation of your assignment as early as possible **before August 31, 2015** at the above or e-mail: aunchaleej@rcost.or.th.

Thank you so much in advance and look forward to receiving your generous support soon.

Yours sincerely,

Thipachart Punyaratabandhu, MD.
Chairman, the Scientific Program
